*The Shriners Hospitals for Crippled Children*

SHRINERS HOSPITALS HAVE COME A LONG WAY SINCE 1922

For it was in that year that the first of these seventeen, favorably situated havens of hope, healing and health, was established, inaugurating what was to become a philanthropy outstanding in the realm of human welfare. And while it is with a modest degree of satisfaction we, as members of the Shrine of North America, view the accomplishments of these institutions, yet we are not unmindful of the deep and abiding interest and exceeding generosity of thousands of others whose support has been a most heartening and beneficent factor.

A TRIUMPHANT PROCESSION OF PHYSICALLY RESTORED BOYS AND GIRLS

A procession of approximately 175,000 has passed through Shriners Hospitals since the vision and ideals of this great and enduring philanthropy were translated into action only twenty-nine years ago. Triumphantly they have marched forward, walking in newness of life, physically unhampered for the joyous activities of childhood and the tasks of later years. Certainly the voices and prayers of parents are lifted heavenward to Him in gratitude for this restoration.

## AS ALLAH WILLS!

**Still on the right side of 55, and with a brilliant future assured, our beloved Deputy Imperial Potentate, Roland D. Baldwin was summoned to the Unseen Temple on May 29 last. No lingering illness was his — his departure was made as the suddenness of lightning; which, since it was in accordance with the Divine Plan, was well. In him were blended those qualities of sunny affability and wholesome sincerity that proclaimed the dutiful husband, the patriotic citizen and the true Shriner. No expression of ours can add to the lustre of his memory. No passage of poetry can describe the affection we felt for him, nor our grief at his passing.**
